# PRODUKTINFORMATIONEN "MONTANA CANS X POW! WOW! LONG BEACH"

This summer we've felt inspired to support an excellent collaboration partner and dedicate a very special can for an upcoming occasion: the [POW! WOW! Long Beach](#) can, as a symbol of our outstanding teamwork between POW! WOW! and MontanaCans. POW! WOW! is organized by a global art network which organizes street art events in Hawaii, Long Beach and across the globe in other locations, such as Taiwan, Israel, Singapore, Jamaica, Washington D.C., Guam, New Zealand and more. The festival is made up of a diverse spectrum of events, such as gallery shows, lectures, schools for art and music, mural projects, concerts and live art installations, pool party gatherings, live paintings and additional talks. Co-founders Jasper Wong and Kamea Hadar claim that „POW! WOW!“ has become synonymous with "a gathering that celebrates culture, music and art", and the streets of Honolulu have an abundance to show for it. After creating a special edition [POW! WOW! Hawaii](#) can earlier this year, we loved the idea of having something to remember the event by. For the Long Beach can, we chose a sunny color from our Montana GOLD range: G2030 Blast Orange. This can's design is similar to the minimalistic design for the previous [POW! WOW! Hawaii](#) can: the white POW! WOW! logo on the Blast Orange base. Artists participating in this year's [POW! WOW! Long Beach](#) festival will be supplied with this limited edition can. Very few cans will be available for purchase in the POW! WOW! shop. Getting your hands on one of these will not be easy, making them a must-have for collectors and fans. Limited Edition Can of the Montana COLLABO SERIES.
