

BLACK ARTIST EDITION MINA

It's often difficult to decide which colors to use when your standing in front of a Montana BLACK can rack, and every color in the shelf is appealing. Well thanks to German/French artists MINA & BRUCE and the Montana BLACK Limited Artists Edition can releases, your choice just got easier. For the 15th edition of the Limited Edition Artist can series, we ourselves found it hard to choose which design to use as they were both so impressive.

PRODUKTINFORMATIONEN "BLACK ARTIST EDITION MINA"

The Montana BLACK Artist Edition can series has double the value for Edition 15. We are proud to feature German artist MINA of the highly renowned artistic duo, "MINA and BRUCE". For Edition number 15, MINA has very cleverly combined style with humour for her chosen color BLK6310 Olymp. A well designed female Olympiad character walks a fine line between strength and street knowledge. With a Montana BLACK can in hand, she exhibits the optimal amount of know how with classic graffiti style. Possibly like MINA herself, who is no stranger to connecting the dots to all the elements of her artistic persona's.
