

BLACK ARTIST EDITION GOLDEN GREEN

For our first BLACK artist can, we chose internationally renowned artist Golden Green who is known for his unique graffiti aesthetics. In contradiction with his name, Golden Green chose our BLK 4060 „Galaxy“, a luscious purple, stating that he likes the color and the room for imagination the word „galaxy“ possesses.

PRODUCT INFORMATION "BLACK ARTIST EDITION GOLDEN GREEN"

For our first BLACK artist can, we chose internationally renowned artist Golden Green who is known for his unique graffiti aesthetics. In contradiction with his name, Golden Green chose our BLK 4060 „Galaxy“, a luscious purple, stating that he likes the color and the room for imagination the word „galaxy“ possesses. The Hamburg-based artist scrambles the graffiti-style elements in a type of hybrid design, creating a futuristic universe full of surreal characters, cunningly-constructed letters and swirling silhouettes in bright and loud colors. In addition to his love for large-sized sprayed pictures on walls and facades, GG's works include canvases, print, papercut, and now, a can. The „Galaxy“ design - with its trendy colors, galactic milky way and comic planets - might remind you of „the Jetsons“ an old school cartoon from the 60's. We know for sure GG has picked the perfect color to correspond with his artistic style and we are grateful for his contribution in starting our BLACK artist edition with a Bang.
