

MONTANA GOLD 400ML – METALLIC COLORS

Montana GOLD Metallic is a solvent-based, nitro-acrylic spray paint. High covering, quick drying, weather- and abrasion proof when fully dry and cured. Metallic Effects are perfect for universal use – it can be applied on many surfaces like canvas, concrete, brick, wood, cardboard and others. Montana GOLD silver and gold matt are Metallic color shades which are abrasion- and weatherproof but less shiny compared to Montana GOLD Chrome Effect colors. The Montana Low-Pressure System allows a soft and easy use for a perfect can and line control. Compatible with the Montana Level Caps. Perfect in Combination with Montana GOLD colors as well as METALLIC EFFECT colors.

...extremely flammable spray paint, high covering UV-resistant, quick drying and weatherproof when fully dry and cured. Montana GOLD is perfect for all artists, fine artists and creative workers. The low pressure system allows for a soft and easy use for a perfect can and line control. Compatible with the Montana Level Caps. Perfect in combination with Montana GOLD colors as well as METALLIC EFFECT colors. For additional protection or effects. Perfect also in combination with Montana GOLD Chrome Effect colors. Remove the safety ring by removing the nozzle and turning the cap clockwise for approximately 3.3 inches. Follow the warning texts on the label. Only the completely emptied cans should be recycled. Cans which are not empty should be disposed of as "special refuse". For optimal storage, cans should be kept in a cool, well ventilated area out of the sun. Keep away from heat, sparks, open flames and pilot lights, and turn off stoves, heaters, electric motors, and other electrical appliances. **FIRST AID:** If ingested, call physician immediately. Do NOT induce vomiting. If on skin, wash with soap and running water. Call a physician. In case of eye contact, flush with water for 15 minutes. If breathed in, move person to fresh air. Call a physician. **WARNING:** This product is known to the state of California to cause cancer. For additional information, use the label. Should the product be used in the workplace, you may get the MSDS at www.montana-cans.com. **EMERGENCY PHONE:** Domestic North America: 800-424-9300

Content	400ml

Montana GOLD Metallic is a solvent-based, nitro-acrylic spray paint. High covering, quick drying, weather- and abrasion proof when fully dry and cured. Metallic Effects are perfect for universal use – it can be applied on many surfaces like canvas, concrete, brick, wood, cardboard and others. Montana GOLD silver and gold matt are Metallic color shades which are abrasion- and weatherproof but less shiny compared to Montana GOLD Chrome Effect colors. The Montana Low-Pressure System allows a soft and easy use for a perfect can and line control. Compatible with the Montana Level Caps. Perfect in Combination with Montana GOLD colors as well as METALLIC EFFECT colors.

USE: Shake Can well for 2-3 minutes. Remove the safety ring by removing the nozzle and turning the can upside down, allowing it to fall out. Then re-apply the nozzle. Test spray on a non-visible area to check for any reactions to lacquer or paint. Wear respirator mask (e.g. indoor use). Protect the object and the surrounding area from spray mist. Follow the warning texts on the label. Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse". For optimal lifespan, store cans always with the nozzle on.
