# PRODUCT INFORMATION "MONTANA BOLD MARKER 8MM ROUND"

This Montana BOLD Marker 8mm Round comes in a sturdy built-to-last aluminum body with a nicely designed timeless BOLD branding. Equipped with a 8mm round tip, this BOLD marker is refillable and the 8mm felt tip is replaceable. The Montana BOLD Marker 8mm Round contains 20ml of a super deep and high covering black BOLD ULTRA INK, that is made of extremely low-viscosity, alcohol-based formula. Montana BOLD ULTRA INK is weather and UV resistant, making it a real "made to stay" formula. The luscious, semi gloss finish ULTRA INK, can be applied to almost any surfaces. The ink is delivered through the markers felt tip by a refillable, pump system valve, that works perfectly with extremely low-viscosity inks, offering exceptional flow, especially on non porous surfaces like metal, glass or plastics. Montana BOLD ULTRA INK is permanent and highly abrasion proof, resulting in extraordinary high coverage and super quick drying time. The Montana BOLD ULTRA INK is deep, rich Black color, great for Tagging and Street Marking. Prepare for impressive fresh drips, so remember to wear gloves when hitting the streets.

## **8mm Round Tip Size**

The Montana BOLD 8mm Round tipped marker is for those wanting something a little different. As most large tip marker tips are a variation of a rectangular or chisel shape, for those used to round tip markers, the 8mm Round is a refreshing take on tagging and mark making. With a synthetic felt tip, the 8mm Round can take all punishment of a normal tagging marker without losing its shape. The flow control pump action valve gives users the opportunity to release or decrease the amount of ink flowing through the 8mm Round tip. The 8mm Round is filled with the much sought after alcohol based, optimized, deep black, ULTRA INK, certified with ASTM-D4236 Standard.

## **Other Montana BOLD products**

The Montana BOLD Marker is also available as 15mm Standard, 10mm Chisel tip and a thinner 3mm Chisel tip Marker, with the BOLD ULTRA INK Refill 200ml as the perfect match to this series of Markers. Montana BOLD – a classic high quality Montana Marker containing highest quality Ink, all made in Germany.
