

# BLACK ARTIST EDITION LUGOSIS

The artists in the Montana BLACK Limited Edition artist series cans are as unique as the cans themselves. Each artists has something special, or a special story to offer the series to the benefit of all those lucky people who are able to manage purchasing one or more of the range. For edition number 14. We were lucky to work with the Italian artists LUGO. Lugo has chosen his favourite color from the Montana BLACK range, Lambrate BLK 7130. And in true LUGO fashion there is also a hidden irony to this choice as the name Lambrate was chosen after the much beloved district of Lambrate in the Milano city outskirts. Lugo is no stranger to style and the street. As a tattoo artist and writer, he has his artwork covered on surfaces and people globally.
