

BLACK ARTIST EDITION BRUCE

It's often difficult to decide which colors to use when your standing in front of a Montana BLACK can rack, and every color in the shelf is appealing. Well thanks to German/French artists MINA & BRUCE and the Montana BLACK Limited Artists Edition can releases, your choice just got easier. For the 15th edition of the Limited Edition Artist can series, we ourselves found it hard to choose which design to use as they were both so impressive.

PRODUCT INFORMATION "BLACK ARTIST EDITION BRUCE"

The Montana BLACK Artist Edition can series has double the value for Edition 15. We are proud to feature the Parisian artist BRUCE of the highly renowned artistic duo, "MINA and BRUCE". If the Parisian streets taught BRUCE one thing, it was to be fast! But that wasn't enough for Bruce as he established himself as not only being fast, but also extremely good at what he does at the same time. For Edition 15, BRUCE chose the color BLK5200 Ice Blue. As described by himself, he loves high covering pastel shades and ICE BLUE reminds him of Berlin winters. After living in Berlin for 5 years, he knows what he is talking about.
