# PRODUCT INFORMATION "MONTANA STORE VIENNA 1ST ANNIVERSARY EDITION"

A good team is everything. When the Vienna based creative consultancy agency "Concrete" suggested they team up with Montana Cans to create the Montana Store Vienna, this team went from strength to strength. In May 2018, the doors of the Montana Store Vienna (MSV) opened with a full range of Montana Cans products. Including the Montana GOLD, BLACK and WHITE can ranges. One year later and they still show some of the most progressive artwork in the MSV gallery space, they still supply and release limited edition artwork and apparel. And now, for their 1 year birthday celebration they also have their own Limited Edition Montana Collabo Series can. In a clever choice Black 9001, the MSV team chose to fill their can with this timeless Montana BLACK range color. The can itself, a flashing cherry colored lithography, is tastefully placed designed with the just as timeless Montana Typo Logo and the now iconic "Vienna" hand style as featured on the shop's front door. Highest quality, made in Germany. **NOTE: This Limited Edition can is only available at Montana Store Vienna.**
