

MONTANA FACE MASK

Thanks to the Coronavirus, face masks have become obligatory in varied circumstances in most European Union countries, and for how long no one is certain. The new Montana Face Mask is an easy and stylish way to combat the spread of Covid-19 that is made of 2-ply, 100% recycled microfibre. The mask has adjustable elastic bands making it a perfect fit for all. It is machine washable at 60 or 90 degrees Celsius, so it can cope with heavy use if required...

PRODUCT INFORMATION "MONTANA FACE MASK"

Thanks to the Coronavirus, face masks have become obligatory in varied circumstances in most European Union countries, and for how long no one is certain. The new Montana Face Mask is an easy and stylish way to combat the spread of Covid-19 that is made of 2-ply, 100% recycled microfibre. The mask has adjustable elastic bands making it a perfect fit for all. It is machine washable at 60 or 90 degrees Celsius, so it can cope with heavy use if required. The black mask is covered with a stylized paint drip design and the now-iconic hashtags, #staysafe, #spraysafe. To ensure hygiene, the Montana Face Mask is supplied in airtight individually sealed packaging for quality and cleanliness. Look impressive in unimpressive times. **(*Only for sale in the European Union. Not fit for Medical use!)**
